# Data Exchange Framework

## Technical Advisory Subcommittee (TASC) Meeting #3B

Members are strongly encouraged to **enable their video** to foster increased interaction and discussion.

**Wednesday, September 4, 2024**

1:00 PM – 2:00 PM PT

CalHHS

CENTER FOR DATA INSIGHTS AND INNOVATION

# The Vision for Data Exchange in California

The Data Exchange Framework (DxF) creates new connections and efficiencies between health and social services providers, improving whole-person care.

The DxF is California's first-ever statewide Data Sharing Agreement (DSA) that requires the secure and appropriate exchange of health and human services information to enable providers to work together and improve an individual's health and wellbeing.

# TASC Series 3 Objective

The TASC Series 3 meetings will center on discussing the technical and operational challenges to protecting reproductive and gender-affirming information under the DxF to comply with AB 352 and explore opportunities to address these challenges.

DATA EXCHANGE FRAMEWORK

# Discussion: Sharing Reproductive and Gender Affirming Care Data

# Review of Technical Requirements of AB 352

(1) A business, as described in Section 56.06, that electronically stores or maintains medical information on the provision of sensitive services, including, but not limited to, on an electronic health record system or electronic medical record system, on behalf of a provider of health care, health care service plan, pharmaceutical company, contractor, or employer, shall develop capabilities, policies, and procedures, on or before July 1, 2024, to enable all of the following:

- (A) Limit user access privileges to information systems that contain medical information related to gender affirming care, abortion and abortion-related services, and contraception only to those persons who are authorized to access specified medical information.

- (B) Prevent the disclosure, access, transfer, transmission, or processing of medical information related to gender affirming care, abortion and abortion-related services, and contraception to persons and entities outside of this state in accordance to this part.

- (C) Segregate medical information related to gender affirming care, abortion and abortion-related services, and contraception from the rest of the patients record.

- (D) Provide the ability to automatically disable access to segregated medical information related to gender affirming care, abortion and abortion-related services, and contraception by individuals and entities in another state.

DATA EXCHANGE FRAMEWORK

# For Discussion: Sharing Reproductive and Gender Affirming Care Data

- What were the key challenges highlighted in the presentations during our last meeting?

- What opportunities do you see for addressing these challenges, and how can we leverage them effectively?

- How is industry preparing to meet these challenges?

DATA EXCHANGE FRAMEWORK

# Public Comment

# Next Steps and Closing Remarks

# Next Steps

Members to:

- Look-out for a notification for our series 4 meetings where we will plan to discuss considerations for a potential FHIR roadmap.

# Upcoming Meetings

- Additional TASC meetings are being scheduled.
- Meeting information will be posted to the CDII DxF webpage once confirmed.
